

Dear Climate Change Council:

Thank you for your participation on and support of the Governor's Blue Ribbon Advisory Council on Climate Change. We had a great initial meeting in August and we are now ready to get to work.

Our next meeting will be held **December 5, 2006 from 1:30 until 3:30 PM** in the **Governor's Board Room** located in the East Capitol building.

We heard from all of you a strong desire to make sure this process is efficient and that, in the end, we make a difference. With that in mind, we have done several things, including:

1. Arranged for a facilitator to keep the meetings on track and the process moving forward.
2. Compiled a draft game plan, developed from your comments at our August meeting. As we move on to specifics, this document will serve as a guide so it is important that it reflect an agreed to process. **Please look it over carefully and let me know what you think.** I will consolidate the feedback I receive and prepare a final draft for discussion at our next meeting. To do this, I would like to receive your feedback by November 17. Please e-mail me or, if you prefer, we will be making follow-up phone calls starting the week of November 20th and you can share your comments at that time.

I appreciate your involvement in this important process and look forward our next meeting. Please call or e-mail if you have questions.

Regards,

Laura Nelson
